Freddy Welsh's Challenge to Battling Nelson Reads Like a Real English Joke -Wants to Fight "Ten-Round Bout with No Decision."

REDDY WELSH is a good little fighter, and may possibly land the lightweight championship in time. But no one outside of England will take his latest proposition seriously. Freddy wants to fight Nelson, but announces that he will claim the title by default unless Nelson agrees to sign for a match within thirty days. Welsh has signed articles for a Nelson match and has turned them over to a Los Angeles promoter to get the champion's fist attached. The articles call for "a ten-round bout, with no de-

This is a weak and watery sort of a joke, it seems to me. Why should Welsh want to fight Nelson in a "tenround, no-decision bout?"

In England this sort of a challenge might get credit of a sort. In America it will hardly attract attention. Nelson is the champion, and he will make the terms when he fights again. Since boxing began this has been the champion's privilege. Naturally Battling Nelson, a real fighter, len't going to fight "for real fighter, ten't going to fight "for the world's championship" in such a foolish thing as "a ten-round no.de. HOCKEY CLUB WINS FROM CRESCENT A. C.

The Hockey Club played a pretty game against the Crescent A. C., last year's champions of the Amateur League, at St. Nicholas Rink, last night, winning out by a score of 7 to 4. The first half ended with the score a tie at 3-3, but in the second the Crescents seemed so anxious to score that they left their own goal unguarded, with the result that it was easy for the Hockey Club to cage the puck three times.

HE Trophy Committee of the A. A. U. is about to decide on a uniform trophy for the various associatilons throughout the country. A pplaque, or something of similar design, will likely be agreed upon. There will be unlimited space on it for inscriptions of the various winners. No matter how many times it may be won by one organization it will never become its property. According to the present ideas of the committee it is to be held by the club winning it the first time in championship competition for a period of one year, at the end of which it will go to the next winner for the same period. What a merry competition will ensue between the Irish-American A. C. and the New Yorks.

One of the birgest athletic carnivals of the season is down for next Monday night at Medison Square Garden. It is the Pastime A. C. thirty-third annual meet, and it brings out all the stars in captivity. There are numerous features, among them a ten mile scratch event, the first colored relay of the year—each man running a haif mile. A sort of novelty will be the appearance in the various events, particularly the ten mile steedal, of a team of indians from the Carliste school. This is the first time in the history of athletics that the famous Indian school has sent a team to a club meet in this city. "Pop" Warner, the famous coach, says the red men will make good. The Olympic, National, Worlds, Canadian and Matropolitan chambions are represented in the record-breaking entry.
